## **THE ENGINEERING GROUPE IS GOING BACK TO SCHOOL**

**Woodbridge, VA** — The Engineering Groupe is going back to school. This time Ned Marshall, Dimitrios Konstantinou, Jonathan Wright, Brian Thelen, and Jana Gilbert were the teachers and not the students.

On Wednesday, May 11<sup>th</sup>, The Engineering Groupe team taught Land Surveying to an Auburn Middle School 6<sup>th</sup> grade honors math class. The presentation covered elements of the Standards of Learning (SOL) requirements and gave the students a unique hands-on experience.

“The presentation really engaged the kids and taught them how math is important in so many aspects of our lives,” said Ms. Davis, the class’s teacher at Auburn Middle School. “It brought what they have been learning in their textbooks to life.”

The Engineering Groupe has been working with the Auburn Middle School class throughout the year to bring special programs to them that enhance their learning experience.

### **About The Engineering Groupe:**

The Engineering Groupe is a premiere Virginia consulting firm offering a full range of professional services in engineering, planning, surveying and environmental services to prestigious clients. Established in 1990, The Engineering Groupe is celebrating 20 years of providing consulting services to a broad range of clients from national homebuilders and commercial developers to municipal agencies.

The company is headquartered in Woodbridge, Virginia, with an additional office in Fredericksburg. The Engineering Groupe, Inc. has been ranked among the top 25 Engineering Firms in the Metropolitan area by Washington Business Journal.
