THE ENGINEERING GROUPE PICKS UP TO GIVE BACK

VETERANS OF VDOT'S ADOPT-A-HIGHWAY PROGRAM

Woodbridge, VA — On Saturday, January 7th, an Engineering Groupe team of volunteers picked up litter along a two mile stretch of Catons Hill Road in Woodbridge, Va.

This year, volunteers from The Engineering Groupe were led by Denar Antelo and included Skip Groupe, Bruce Reese, Nancy Foor, Ned and Lori Marshall, Mike Webb, Chris Ferrara, Melissa, Lauren and Piper Taliaferro, Sally Vaquero, Steve Paska, Matt Becker, and Elena Antelo.

The Engineering Groupe's employees and family members gathered on an uncharacteristically warm January day to clean-up litter along the road as part of the company's participation in the Virginia Department of Transportation's (VDOT) Adopt-a-Highway Program. The program helps keep Virginia's roads clean of trash.

"We believe community service is an important part of being a good corporate citizen," said John S. "Skip" Groupe, IV, President of The Engineering Groupe, Inc. "Our employees enjoy making a difference in the community in which they live and work."

This was the first clean up event of the year, though The Engineering Group plans to hold many more in 2012.

Last year alone, over 31,000 volunteer hours were utilized to pick up over 26,000 bags of trash along 1,900 miles of roads in Virginia. Without individuals and organizations adopting a highway, VDOT would not have the ability to keep our roadways clean from trash.

About The Engineering Groupe:

The Engineering Groupe is a premiere Virginia consulting firm offering a full range of professional services in engineering, planning, surveying and environmental services to prestigious clients. Established in 1990, The Engineering Groupe is celebrating over 21 years of providing consulting services to a broad range of clients from national homebuilders and commercial developers to municipal agencies.

The company is headquartered in Woodbridge, Virginia, with an additional office in Fredericksburg. The Engineering Groupe, Inc. has been ranked among the top 25 Engineering Firms in the Metropolitan area by Washington Business Journal. For additional information, please visit www.enggroupe.com.
